

Owen's A SELECTION OF GREAT DAYS OUT

Ffestiniog Railway & Porthmadog

The Ffestiniog Railway takes you on a 13½-mile journey from the slate-quarrying town of Blaenau Ffestiniog to the harbour in Porthmadog. The historic trains climb over 700 feet from sea level into the mountains through tranquil pastures and magnificent forests, past lakes and waterfalls, round horseshoe bends (even a complete spiral) clinging to the side of the mountain or tunnelling through it. Free time will be given in Porthmadog before returning home.

Royal Crown Derby & Titanic Exhibition

A combined exhibition & factory tour showing items of memorabilia from the White Star Line, the firm which ran the Titanic and its sister ships Olympic and Britannia, are on display. Includes porcelain dinner items made by Royal Crown Derby for the Titanic. Visitors can also browse props and items from James Cameron's hit 1997 movie, Titanic, including the blue dress worn by Kate Winslet in the famous bow scene. In total 400 different items are on display.

Mid Wales Tour

A scenic tour travelling via Llangollen, Bala Lake, Dolgellau and Machynlleth to Aberystwyth. Returning via Llangurig, Llanidloes, Newtown and Welshpool.

The Hall at Abbey-Cwm-Hir

Within a breathtaking setting the Hall and its 12 acres overlook St. Mary's Church and the ruins of the 12th century "Cistercian Abbey of the Long Valley" containing the monk's pond and the grave of Llewellyn the Last. Paul and Victoria Humpherston bought the Hall in late 1997 and spent 9 years restoring it to a building of Gothic splendour, boasting stunning interiors and fascinating collections. On our December visit you will see all 52 rooms decorated for an utterly unique experience. NB Footwear is not allowed to be worn in the Hall.

Downton Abbey – Highclere Castle

Downton Abbey, the major new drama series from ITV was filmed on location here at Highclere Castle. A second series of this very successful production is being filmed here this year and will be screened in Autumn 2011. The 5th Earl, with Howard Carter, discovered the tomb of Tutankhamun in the Valley of the Kings in 1922.

The Discovery Centre includes "Miniland" attractions, which feature models of local landmarks rendered in Lego bricks. Visitors can also learn how the Lego bricks are manufactured or take part in classes taught by model builders.

Manchester Airport Viewing Park & Concorde

The Aviation Viewing Park offers a great day out and is one of the North West's most popular outdoor attractions. The three raised viewing mounds give a clear 180-degree view - perfect for photographers. Included in your visit will be a 40-minute introduction to Concorde, inside and outside including an on-board tour, with the chance to sit on the famous leather seats in the front cabin and a short visit onto the flight deck.
